

Notice on Revised Death Benefit for Bharti AXA Life Aajeevan Sampatti Policyholders

We are happy to inform you that we have modified the existing version of Bharti AXA Life Aajeevan Sampatti (UIN: 130N050V01) to make it completely Tax compliant under the existing Union Budget 2012 even for some of those policies which were not tax compliant earlier.

In this endeavor, we have revised the Death Benefit applicable under the Product. Please refer the table below for clear understanding of the revised Death Benefit.

Existing Death Benefit of Aajeevan Sampatti	Modified Death Benefit of Aajeevan Sampatti
Equal to 100% of Sum Assured	Higher of Sum Assured or 11 times the Annual Base Premium (excluding any modal factors and underwriting extra premium)

We have taken this opportunity to extend this benefit not only to our new customers but also to you without payment of any extra premium.

All the other benefits (except death benefit) under your policy will remain unaffected and continue to be the same. Please note, since Bharti AXA Life - Aajeevan Sampatti is a participating policy, you will continue to get the Annual cash bonus (if declared), depending on the performance of the participating fund.

For any clarifications, please feel free to contact our EASY ACCESS helpline numbers. Alternatively, you may e-mail us at service@bharti-axalife.com.

We value your association and hope to continue servicing your financial protection needs. We hope you experienced the Bharti AXA Life difference.

Yours sincerely,
Bharti AXA Life Policyholder Services
