Key benefits with Bharti AXA Life Elite Advantage

Maturity Benefit

If the Life Insured survives till the maturity of the Policy and all premiums are duly paid, then the benefits, as mentioned below, will be paid to the Policyholder.

1. Guaranteed Payout

A percentage of Sum Assured on Maturity is paid during the Maturity Payout Period starting from the end of the policy term till the end of the 19th year. The frequency of the guaranteed payout will be Annual/Semi-Annual/Quarterly as chosen by the Policyholder.

2. Sum Assured

100% of Sum Assured on Maturity is paid at the end of 20th year from the Policy Date.

The percentage of Guaranteed Payout depends upon the Policy Term, Premium Payment Term and the Premium Amount as mentioned below:

Policy Term	Premium Payment Term	Guaranteed Payout (End of year)	Annualised Premium (₹)	Guaranteed Payout as % of Sum Assured on Maturity
10 years	5 years	End of 10 th to end of 19 th year	24,000-49,999	8.5%
			50,000-99,999	9%
			1,00,000 and above	9.5%
12 years	7 years	End of 12 th to end of 19 th year	15,000-49,999	8.5%

			50,000-99,999	9%
			1,00,000 and above	9.5%

The Policyholder has an option to take the above mentioned maturity benefit as a lump sum. The lump sum shall be calculated as a Net Present Value of future payouts at guaranteed rate of 5% p.a.

Maturity Payout Period

The Maturity Payout Period is a period post the Policy Term when the guaranteed payouts as shown in the table above and the Sum Assured at Maturity are paid. This is dependent on the Policy Term as shown below:

- For Policy Term of 10 years, the Maturity Payout Period is from the end of 10th year till the end of 20th year.
- For Policy Term of 12 years, the Maturity Payout Period is from the end of 12th year till the end of 20th year.

Death Benefit

In case of the unfortunate event of death of the Life Insured during the Policy Term, the following benefits will be payable to the Nominee, subject to Policy being in force. The Sum Assured on death will be the higher of:

- a) Sum Assured on Maturity, **or**
- b) 11 times Annualised Premium, **or**
- c) 105% of all premiums paid (excluding any additional charges as levied by the Company over and above the standard premium rates).

In the event of death of the Life Insured:

- a. During the grace period allowed for payment of due premiums: The Death Benefit (after deducting the unpaid due Premium) shall be payable
- b. While the policy is in lapse status: No benefit shall be payable
- c. When the policy is in paid up status: Paid up value on death will be payable
- d. During the Maturity Payout Period: No Death Benefit shall be Payable in case of the death of the Life Insured during the Maturity Payout Period. The unpaid Guaranteed Payout will be paid to the Nominee as per the Schedule mentioned in the Maturity Benefit section and the Sum Assured on Maturity will be paid at the end of 20th year.

The nominee has an option to take the above mentioned maturity payout as a lump sum. The lump sum shall be calculated as a Net Present Value of future payouts at a guaranteed rate of 5% p.a. This rate may be revised by the Company from time to time subject to prior approval from IRDA.

On death of the Policyholder (where the Policyholder and Life Insured are different), the Legal heirs of the Policyholder may succeed the erstwhile Policyholder. If none of the Legal heirs are willing to become the Policyholder therein, then the surrender value as applicable will be paid in accordance with the relevant provisions of the Policy to the person/s entitled to receive the same as per law and accordingly all Policy benefits shall stand extinguished.

Choice of Policy Payment Term of 5, 7 or 12 years.

How does this product work?

Bharti AXA Life Elite Advantage is a traditional non-participating savings & protection oriented plan. You pay premium for the chosen Premium Payment Term. At the end of Policy Term, the Maturity Benefit Period will start during which Guaranteed Payouts will be paid from the end of the Policy Term until the end of the 19th year. At the end of the 20th year, 100% of the Sum Assured on Maturity will be paid to the Policyholder.

How is my Premium calculated?

- The Premium amount applicable to you will be dependent on your age, policy term, premium payment mode and Sum Assured chosen by you.

Premium payment mode:

You can choose either Monthly, Quarterly, Semi-annual or Annual payment modes
Monthly Premium* = 0.0867 of Annualised Premium, Quarterly Premium* = 0.26 of Annualised Premium, Semi-annual Premium = 0.51 of Annualised Premium.

* Through Auto Pay only.

Service Tax & Cess will be levied as per prevailing rates.

Other Features:

Grace period

Grace period is the period given to you from your premium due date, to pay the premium without any impact on the benefits in your policy. Grace Period for all modes is 30 days.

Loans under policy

Financial burdens cannot be predicted and may arise any time. Thus this policy gives flexibility to take loan from the company. This is only possible if your policy is in force and has acquired surrender value. The loans given under the policy are as per provisions under the policy. Maximum loan amount will not exceed 70% of Surrender Value. The loan outstanding including both the principal and interest will be deducted from any benefits payable and the residual amount (if any) only will be paid to the Policyholder.

Lapsation

If the Policy has not acquired a Surrender Value

In case you do not pay the premiums within your grace period, your policy will lapse and your insurance cover will cease to exist. You have the option to reinstate the policy within the period given for reinstatement of the policy. At the end of the reinstatement period if the policy is not reinstated, then the policy will be terminated and no benefits will be payable.

If Policy has acquired a Surrender Value

In case you do not pay the premiums within your grace period, your policy will be converted into paid up. You have the option to reinstate the policy or surrender the policy within the period given for reinstatement of the policy. At the end of the reinstatement period, if the policy is not reinstated or surrendered, then the policy will continue in paid up status and the paid up value will be payable either on death, or on maturity, or on surrender of the policy.

Reinstatement

You have the flexibility to reinstate all the benefits under your policy within two years of the due date of the premium in default. However, the Company would require:

- a) A written application from you for reinstatement
- b) Satisfactory evidence of insurability
- c) Payment of an amount equal to all unpaid premiums together with interest at such rate as the Company may charge for such reinstatement, as decided by the Company from time to time
- d) Terms and conditions as may be specified by the Company from time to time

Reduced Paid-up Value

If you have paid two Annualised Premiums for Premium Payment Terms of 5 years and 7 years and three Annualised Premiums for Premium Payment Term of 12 years and your policy has lapsed due to any reason, then your policy will be converted into 'paid-up'. Once the Policy becomes paid up, you need not pay any further premiums. The paid-up value will consist of the reduced Sum Assured which will be paid out either on death of the life insured, or on maturity of the policy whichever is earlier.

Can I surrender my policy?

We would want you to pay premiums regularly and stay invested until maturity to get maximum benefits under the policy. However, in case you are not able to pay all premiums and want to exit the policy earlier, then only the Surrender Value (if acquired) will be payable to you.

Surrender Value: The Policy acquires a Surrender Value provided at least two Annualised Premiums (in respect of Premium Payment Terms of 5 and 7 years) and three Annualised Premiums (in respect of Premium Payment Term of 12 years) have been paid.

The minimum guaranteed Surrender Value will be as per the table below:

Policy Year/Premium Payment Term	Surrender value as a % of sum of premiums paid less all extra premium		
	5 years	7 years	12 years
1	-	-	-
2	30%	30%	-
3	30%	30%	30%
4	50%	50%	50%
5	50%	50%	50%
6	55%	55%	55%
7	60%	60%	60%
8	65%	65%	65%
9	70%	70%	70%
10	75%	75%	75%
11	-	80%	80%
12	-	80%	80%

The Company may declare Special Surrender Values from time to time, subject to prior approval from IRDA.

On surrender of the policy, a lump sum amount equal to the higher of Special Surrender Value and Guaranteed Surrender Value as defined in the table above, will be paid to the Policyholder and the contract gets terminated.

Do I get the flexibility to enhance my protection through additional features?

Yes. To enhance your protection, you may customise your policy by opting for the following rider.

Bharti AXA Life Hospi Cash Rider (UIN : 130B007V02)
