Maturity Benefit: At Maturity, you receive Non-Guaranteed Annual Reversionary Bonus plus Non-Guaranteed Terminal Bonus, subject to the policy being in force.

Annual Reversionary Bonuses: This policy participates in the performance of the participating insurance fund and surplus is distributed as bonuses. The actual bonus rate declared by the Company is dependent on the performance of the participating insurance fund. Non-Guaranteed Bonuses are vested from end of 1st policy year onwards and are payable at Maturity or on death, whichever is earlier, subject to the policy being in force. Apart from this,

Non-Guaranteed Terminal Bonus is declared at Maturity or death of the Life Insured subject to the policy being in force.

The Death Benefit: The Death Benefit payable will be the higher of the following, subject to the policy being in force:

- a) The Sum Assured on Death Plus Non Guaranteed simple reversionary bonuses and non guaranteed terminal bonus paid as a lump sum Or
- b) 105% of all premiums paid (excluding underwriting extra).

Where the Sum Assured on Death will be the Higher of:

- 1. A multiple of the Sum Assured as given below:

Policy Term	Multiple of Sum Assured
15 years	165% for Ages <45 150% for Ages >=45
20 years	140% for all Ages
30 years	110% for all Ages

Or

- 2. 10 times the base Annualised Premium

The Death Benefit after payment of bonuses will be paid on a monthly basis as mentioned in the table below.

Policy Term	No. of months for which Death Benefit will be payable	Monthly Income Benefit Period* (in months)
15 Years	96 months (8 years)	Death Benefit / 96
20 Years	120 months (10 years)	Death Benefit / 120
30 Years	180 months (15 years)	Death Benefit / 180

The nominee has an option to take the above mentioned death benefit as a lump sum. The lump sum shall be calculated as a Net Present Value of future monthly incomes at 8% p.a. This rate may be revised, subject to prior approval from IRDA.

What premiums do I need to pay?

Premium rates applicable to you will depend on your age, gender, policy term, premium payment mode and chosen Monthly Income.

Premium Discount:

You will get a discount in premium rate if you choose a higher Monthly Income as described below:

Policy Term	Monthly Income	Premium Rate Discount
20 and 30 years	For Monthly Income greater than or equal to ₹ 3,000	Discount of 2% on premium

Premium payment mode:

You can choose Monthly, Quarterly, Semi-annual or Annual Premium. Monthly Premium = 0.09 of Annualised Premium, Quarterly Premium = 0.27 of Annualised Premium, Semi-annual Premium = 0.52 of Annualised Premium.

Applicable taxes(if any) & cess will be levied as per prevailing rates.

Please note that the premiums applicable will be different for standard and substandard lives.

What happens if I am unable to pay premiums?

While we recommend that all your premiums be paid on the respective due dates, we also understand that sudden changes in lifestyle like increased responsibilities or unexpected increase in household expenses may affect your future ability to pay premiums. You have following flexibilities in order to ensure that your benefits under the policy continue in full or part form.

Grace period:

Grace period is the period given to you from your premium due date, to pay the premium without any impact on the benefits in your policy. Grace Period for all modes is 30 days.

Lapsation:

If policy has not acquired a Surrender Value

In case you do not pay the premiums within your grace period, your policy will lapse and your insurance cover will cease to exist. You have the option to revive the policy within the period given for revival of the policy. At the end of the revival period if the policy is not revived then the policy will be terminated and no benefits will be payable.

If policy has acquired a Surrender Value

In case you do not pay the premiums within your grace period, your policy will be converted into paid up. You have the option to revive the policy or surrender the policy within the period given for revival of the policy. At the end of the revival period if the policy is not revived or surrendered then the policy will continue in paid up status.

Reduced paid up value:

If the policy has acquired a surrender value and the policyholder has not paid any further premiums due to any reason, the policy will automatically be converted to paid up. Once the policy becomes paid up the benefits will be reduced to paid up value and the Guaranteed Monthly Income will be calculated as a percentage of the paid up value and the reduced monthly income will be paid on an annual basis.

The paid up values will be calculated as follows:

Paid up value on Survival = $\frac{\text{Number of Premiums paid} \times \text{Sum Assured}}{\text{Premium Payment Term}}$

Paid up value on Death = $\frac{\text{Number of Premiums paid} \times \text{Sum Assured on Death}}{\text{Premium Payment Term}}$

In case of death, the vested reversionary bonuses (as on the date the policy becomes paid up), shall become payable along with the first installment payout of the death benefit. In case of Maturity of the Policy, the vested reversionary bonuses as on the date the policy becomes paid up, shall be paid to the nominee/policyholder.

In case of surrender of a paid up policy, the base Surrender Value plus the surrender value of the vested reversionary bonuses as on the date the policy become paid up, shall be payable. The Surrender Value will be calculated as follows:

Base Surrender Value on Paid Up = Paid Up value on Survival * Base Surrender Value Factor + Surrender Value of Accrued Bonuses.

In case of revival of a paid up policy, the differential amount of guaranteed monthly income due (i.e. guaranteed monthly income calculated on the full Sum Assured less the guaranteed monthly income already paid out on the reduced Paid Up Value on Survival), if applicable, shall be paid to the policyholder as a lump sum.

Revival:

You have a flexibility to reinstate all the benefits under your policy within two years (subject to policy terms and conditions) after the due date of the premium in default. However, the Company would require:

- a) A written application from you for revival;
- b) Satisfactory evidence of insurability;
- c) Payment of all overdue premiums with interest as specified by Company from time to time.

In case of revival of a paid up policy, the differential amount of guaranteed monthly income due (i.e. guaranteed monthly income calculated on the full Sum Assured less the reduced guaranteed monthly income already paid), if applicable, shall be paid to the policyholder as a lump sum.

Can I surrender my policy?

We would want you to pay premiums regularly and stay invested till Maturity to get maximum benefits under the policy. However, in case you are not able to pay all premiums and want to exit the policy earlier then only surrender value will be payable to you.

Surrender Value:

Your policy will acquire surrender value, only if one annualised premium is paid and the Surrender Value is payable immediately on receipt of a Surrender request from the Policy Holder. The guaranteed Surrender Value is defined as a percentage of all premiums paid excluding any extra premium. The minimum guaranteed surrender value will be as per the table below:

Policy Year	Surrender value as a % of sum of premiums paid less all extra Premium			Policy Year	Surrender value as a % of sum of premiums paid less all extra Premium		
	15 years	20 years	30 years		15 years	20 years	30 years
1	10%	10%	10%	16	-	80%	65%

15	90%	75%	60%	30	-	-	90%

The sum of all Guaranteed Monthly Income paid till the year of surrender shall be deducted from this Surrender Value.

The Guaranteed Bonus Surrender Value Rates (per 1000 of Accrued Bonus) are as defined in the table below:

Policy Year	Bonus Surrender value factors per 1000 of the vested reversionary bonuses			Policy Year	Bonus Surrender value factors per 1000 of the vested reversionary bonuses

14	836	360	71	29	-	-	827
15	1000	423	84	30	-	-	1000

The Company shall declare Special Surrender Values at such other rates not less than the Guaranteed Surrender Values specified above. These rates are not guaranteed and will be declared by the Company from time to time, subject to prior Approval from IRDA. The guaranteed monthly incomes paid in the year of surrender will be deducted from this Surrender Value. The Company shall also declare a non-guaranteed bonus surrender value, calculated per 1000 of the vested reversionary bonuses.

How does the policy help me in case of a financial crunch?

Loans under policy: Financial burdens cannot be predicted and may arise any time. Thus this policy gives flexibility to take loan from the Company. This is only possible if your policy is in force and has acquired surrender value. The loans given under the policy are as per provisions under the policy. Maximum loan amount will not exceed 70% of Surrender Value. The loan outstanding including both the principal and interest will be deducted from the Guaranteed Monthly Income or any other benefits payable and the residual amount (if any) only will be paid to the Policy Holder.

SECTION 45 OF INSURANCE ACT, 1938

Fraud, Misrepresentation and forfeiture would be dealt with in accordance with provisions of Sec 45 of the Insurance Act 1938 as amended from time to time. [A Leaflet containing the simplified version of the provisions of Section 45 is enclosed in appendix – I for reference]

Appendix I: Section 45 – Policy shall not be called in question on the ground of mis-statement after three years

Provisions regarding Policy not being called into question in terms of Section 45 of the Insurance Act, 1938, as amended from time to time are as follows:

01. No Policy of Life Insurance shall be called in question on any ground whatsoever after expiry of 3 years from:
 - a. the date of issuance of Policy or
 - b. the date of commencement of risk or
 - c. the date of revival of Policy or
 - d. the date of rider to the Policy whichever is later.
02. On the ground of fraud, a Policy of Life Insurance may be called in question within 3 years from:
 - a. the date of issuance of Policy or
 - b. the date of commencement of risk or
 - c. the date of revival of Policy or
 - d. the date of rider to the Policy whichever is later.

For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which such decision is based.

03. Fraud means any of the following acts committed by insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance Policy:
 - a. The suggestion, as a fact of that which is not true and which the insured does not believe to be true;
 - b. The active concealment of a fact by the insured having knowledge or belief of the fact;
 - c. Any other act fitted to deceive; and
 - d. Any such act or omission as the law specifically declares to be fraudulent.
04. Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the insured or his agent keeping silence to speak or silence is in itself equivalent to speak.
05. No Insurer shall repudiate a life insurance Policy on the ground of Fraud, if the Insured/beneficiary can prove that the misstatement was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of material fact are within the knowledge of the insurer. Onus of disproving is upon the Policyholder, if alive, or beneficiaries.

06. Life insurance Policy can be called in question within 3 years on the ground that any statement of or suppression of a fact material to expectancy of life of the insured was incorrectly made in the proposal or other document basis which Policy was issued or revived or rider issued. For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured as applicable, mentioning the ground and materials on which decision to repudiate the Policy of life insurance is based.
07. In case repudiation is on ground of mis-statement and not on fraud, the premium collected on Policy till the date of repudiation shall be paid to the insured or legal representative or nominee or assignees of insured, within a period of 90 days from the date of repudiation.
08. Fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer. The onus is on insurer to show that if the insurer had been aware of the said fact, no life insurance Policy would have been issued to the insured.
09. The insurer can call for proof of age at any time if he is entitled to do so and no Policy shall be deemed to be called in question merely because the terms of the Policy are adjusted on subsequent proof of age of life insured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.
